

## THE “CHEE”, A SPRINGBOARD FOR ACHIEVING YOUR EUROPEAN PROJECTS AND ACCELERATING YOUR CAREER:

The Executive course in European Studies (CHEE) provides a solid grasp of procedures and major European issues. It is a powerful lever for the creation of influential professional networks and the implementation of European projects. As a mobility tool, the CHEE promotes career progression through the Europeanization of profiles.

### FOR WHOM IS THE EXECUTIVE COURSE IN EUROPEAN STUDIES (CHEE) INTENDED?

The “CHEE” cycle is designed for a class of some 40 high-potential participants from Europe or non-European countries, from different professional backgrounds, with proven responsibility in their sphere and at least 6 years of professional experience. Applicants must have a perfect command of French and at least a passive knowledge of English. No knowledge of or professional experience in the European sphere is required.

### WHAT DOES THE “CHEE” CYCLE CONSIST OF?

The “CHEE” cycle is divided into 10 modules, taught from January to November (see overleaf):

- an integration seminar in January;
- modules scheduled in Paris, Strasbourg, Brussels and various capital cities.

The cycle includes a main core and in-depth study of topical issues.

The 2016 session will be placed under the patronage of **Mr Herman VAN ROMPUY, Former President of the European Council (2009-2014) and Prime Minister of the Kingdom of Belgium (2008-2009)** who will participate in some of the cycle modules.

### “CHEE” TEACHING CONTENT

“CHEE” teaching content and methods centre primarily on concrete experience. The “CHEE” makes it possible for students to meet high-level professionals in the sphere of European affairs. It places great importance on case studies and simulation of EU negotiations. A series of exchanges are also planned between participants.
